07/08/2021

Dear Residents and Family Members,

On Wednesday July 7<sup>th</sup>, all staff members at the Health Services Center (HSC) were tested for the COVID-19 virus. Test results did confirmed that a staff member at HSC was identified to be positive with the virus. Residents who were in contact by the staff member have been placed in quarantine for precautionary measures and family members have been notified.

All residents will continue to be monitored on a daily basis during each shift for any COVID-19 related symptoms (none which have been noted). If symptoms have been identified, staff members, residents, responsible parties, and our Public Health Nurse will be immediately notified and appropriate protocols will be followed.

At this time indoor visitations are only permitted for essential visits and for Spiritual Care Team members. Spiritual Care Team members (SCTM) will continue to test on a weekly basis for the COVID-19 virus. All essential visitors and SCTM will require to wear a face shield or goggles, N95 mask, gown, and gloves and will follow screening requirements as set forth by Centers for Disease Control and Prevention (CDC) and the Los Angeles County Public Health guidelines.

Non-essential visits may be done outside in our front patio by appointment only. Please contact Vanessa Ramirez at (909) 399-5550 or [vramirez@pilgrimplace.org](mailto:vramirez@pilgrimplace.org), to schedule an appointment. To accommodate planned visitations we ask that you schedule your visit(s) at least 48 hours in advance.

If you have any questions please contact us at (909) 399-5550, email us at [vramirez@pilgrimplace.org](mailto:vramirez@pilgrimplace.org), or visit our website [www.pilgrimplace.org](http://www.pilgrimplace.org) for updates.

Stay safe and warm regards,  
Pilgrim Place Health Services Center
